Hello R5 folks,

I wanted to let you know that the Department is currently accepting public comment for two rules packages addressing some of the 75 issues.

Attached please find the draft administrative code language for the two rules packages.

The Department staff worked collaboratively with EPA in creating the draft language and those efforts are reflected in the draft rule language.

We would appreciate your review and submittal of any comments by Dec. 18, 2015. I've included the public notice documents which contains contact info for each rule package.

Note:

Rule Package 3 (WT-31-10) addresses issue #'s (8,10,17,71)

Rule Package 4 (WT-11-12) addresses issue #'s
 (2,28,30,31,32,34,35,36,37,38,39,40,41,42,43,70,74)

Thanks very much.

Please feel free to contact me with any questions.
